<p>Just to clear up your comment about 1 day to set forms. You were not asked to set forms and you have not set any forms as of yet. We just asked to have batter boards set.</p> <p>Thank You,</p> <p>Matthew T. You are correct, it was communicated to you that it would be in Friday, and the urgency is truly noted. As far as the contract, it was dropped off at the corporate office on Monday Dec. 27 with Mr. Plemons. The only page that needs to be completed per our conversations, is the 1st cover page check list, all other pages are confirmed as received. Concerning the start date, I was given one (1) day notice to set forms for Saturday 01/08/05. Matt, my company is thrilled to have the opportunity to work with this group, and aware of all the obstacles in just starting this Arbor wood project. I certainly don't want to cause further delay. I will call Patty first thing on Monday to conference in with my agent to confirm insurance coverage and expected date of ACCORD certification to Affordable housing. Thank you for your patience, and looking forward to a successful project.</p>

Andrea you've had two weeks to get us you're insurance and as of today I still don't have it. I still don't have a complete contract. We overnighed the contract on 12-22-04 and had instructions on it to have returned in 5 days. We talked about this before Christmas. We talked about this on 1-5-05. Now we need you to start the project and you can't, due to no insurance and no contract. You are now delaying the project. Please rectify this immediately. Please forward you're insurance to Patty Houlihan at the corporate office today. I am writing this to you at 4:48 pm. I just don't believe it will happen today like you told me it would in our phone conversation this morning at about 9:30 am.

Thank You,

Matthew T. Martin
